

The Supersine Company

Vandal-resistant Architectural Signage

ACRYLIC ADA SIGNAGE

Consider a pressed Acrylic ADA sign for a long-lasting and cost-effective signage solution. Our thermoformed process provides greater longevity and the highest possible quality. Each sign is crafted as one-piece, ensuring molded text and braille won't fall off. Acrylic ADA signs can be produced to meet almost any design requirements or brand specifications.

- Pressed one-piece construction
- More durable, versatile & environmentally friendly than alternatives
- Rounded or domed braille capabilities
- Exterior-rated
- We can match any PMS or Pantone color
